PLAYERS ENTER THE PROGRAM ACCORDING TO THEIR POSITION

If you play multiple positions, you will rotate positions each workout.

STRENGTH, AGILITY, CONDITIONING... PBI consultant, Keith Cedro, former major league strength coach for the NY Mets understands the unique needs of the throwing athlete. Our strength program, designed by Keith, focuses on overall core strength, stability and physical conditioning. PBI has expanded it's strength training equipment. We have added squat racks, cable cross over ICARIAN machine and SMITH machine. We also use kettle bells, battle ropes, medicine balls, foam rollers, dumbbells, sleds, and a detailed band program for developing maximum, responsible, throwing arm strength.

OFFENSIVE TRAINING INCLUDES... The PBI hitting program is heavily influenced by Clint Hurdle, former World Series Manager with the Colorado Rockies. PBI will focus on balance, rhythm and controlling the body throughout the entire swing. Swing path, launch angle, exit velocity will all be a focus of the offensive training.

DEFENSIVE TRAINING INCLUDES... Extensive groundball work, turning double plays, diving, slow roller, off balance throwing including the ("**Derek Jeter**") jump throw technique. Run down execution, back hand/glove side training, short hop glove approach as well as building arm strength. Outfielders will work on arm strength, ground balls, slide-catch techniques with limited fly ball training. Foot work and angles on ground balls hit to the outfield will be worked on extensively.

The SRWTP, along with New Jersey's best coaching staff to bring you a winning combination of total baseball training!
